

## Greater Atlanta Chapter

### *Presents* “SIG EXPO!”

Our Special Interest Groups have often been called the “heart beat” of the Chapter. This is because the SIGS give the membership opportunities to learn about all facets of our industry both from great presentations and also from each other. Being involved in a particular SIG is the best way to get to know the members of our organization and the wide variety of resources that are available to the membership.

Active SIGS include: Corporate Training, Career Development, Sales & Marketing, Independent Training and Consulting Network, Organizational Development, Technology Based Learning, and the geographically based GIG which meets monthly on the south side of Atlanta.

In 2006, we would like to re-birth the International SIG for those who are interested in the challenges of training on a global basis. You may want to be part of this exciting challenge.....?

At this meeting, representatives from each SIG will be available to answer your questions about the SIG, its focus, when it meets and how you can become involved.

Kick off 2006 with this opportunity to get involved with the “heart beat” of ASTD!

---

#### Meeting Information:
